

**9200 Series Panels - multi button units**

## 9200 Multi-button

- Video compatible
- Flush metal capped button
- Choice of finishes
- Tamper resistant fixings
- Available in brushed stainless, mirror polished stainless and polished brass

The Entryphone® 9200 multi-button entrance panels are available from stock in sizes from a two button up to a thirty button unit and in larger sizes to special order. All units incorporate weather-resistant speech components, flush metal buttons, rear-illuminated name inserts and tamper-resistant hex-key fixings. Available as standard in brushed stainless steel and mirror polish stainless steel or, to special order, in un-lacquered polished brass.

### CCD Video

All 9200 panels may be ordered fitted with colour CCD video camera. The camera module, incorporating miniature high resolution solid state CCD camera, is designed to be fitted behind the speech module and the logo insert is changed to a lens.

### A type

Type	Dimensions (mm) Plate		Back Box		
	H	W	H	W	D
9200/A2	355	115	317	77	38
9200/A3	355	115	317	77	38
9200/A4	406	115	368	77	38
9200/A5	406	115	368	77	38
9200/A6	406	115	368	77	38
9200/A9	483	115	445	77	38
9200/A12	540	115	502	77	38
9200/A15	606	115	568	77	38

### B type

Type	Dimensions (mm) Plate		Back Box		
	H	W	H	W	D
9200/B2	241	203	203	165	38
9200/B3	241	203	203	165	38
9200/B4	241	203	203	165	38
9200/B5	241	203	203	165	38
9200/B6	241	203	203	165	38
9200/B7	241	203	203	165	38
9200/B8	241	203	203	165	38

### C type

Type	Dimensions (mm) Plate		Back Box		
	H	W	H	W	D
9200/C10	241	292	203	254	38

9200/C27	330	292	292	254	38
9200/C30	352	292	314	254	38

## Surface Frames

All multi-button panels are supplied complete with 22swg zintec or galvanised back box for flush fitting. These allow the plate to overlap by 19mm all round to cover inaccuracies when cutting into the wall. Where it is impractical to flush in a door panel, surface frames are available. There are two types, either stainless steel hood-style frames or solid oak frames supplied unfinished.

Metal surface frame in brushed stainless steel
